

Current Events from a Christian Perspective

(Intergenerational attendance welcomed)

Sundays, 10:10 A.M., in the Big Living Room (Rm 208);

Note: Regular attendance not necessary and no verbal

or physical combat allowed. 😊

Team led by Chuck Franke, Rev. Rae Franke & Ren VandeGuchte (pronounced Van-D-Gooch): Discussion of daily news items and the impact Christians can have on those events. A different topic is covered each week.

Typically, leaders use the big screen TV in the room to display internet websites or show a video clip related to the subject of the day to prompt discussion. A weekly email is sent out to those who have internet access a few days before class to announce the subject. The email includes suggested internet links or attachments which the participant can view or read to prepare for class discussion.

Topics have included: Illegal Immigrants, Stem Cell Research, Gun Violence, Gay Marriage, Jesus Today, Abortion, and others.

Whether you attend the class or not you can sign up for the weekly email by going to <http://www.lansingtrinity.org>. Click on "Connect" then click on "Current Events from a Christian Perspective."
